DUNDEE

Dundee is Scotland's fourth city, located on the east coast overlooking the Tay estuary, with a population of around 150,000 and situated within 90 minutes' drive time of 90% of the nation's population.

Dundee boasts excellent teaching, research and training facilities at its two universities and also Ninewells Hospital, one of the foremost teaching hospitals in Europe. The city also boasts a technology park and a digital media park.

Ambitious proposals are well underway with the £1bn Dundee Waterfront Regeneration extending the city centre down to the waterfront which will include several large mixed-use developments, new conferencing facilities, civic space and a re-opened dock and marina area. The recently opened V&A Museum of Design, a £45m centre of design, forms the jewel in the crown of the waterfront development and is set to become one of Scotland's most iconic buildings in years to come.
